

Knives in School Procedure

Parneet Kang,
Principal

William Holland
Chair of Trustees

REVIWED: 1st September 2022 - Parneet Kang

It is illegal to carry knives or other offensive weapons in and around school premises. The Trustees at The Emscote School recognises that the presence of weapons, or items which could potentially be offensive weapons, in school would not only create unacceptable risks of injury or death, but also create a climate of fear that undermines the educational values of the school and safety and well-being of students.

Knives and offensive weapons or equipment are forbidden. Students or other must not be in possession of such items or use them in and around the school premises.

These rules apply at all times except where an item, which could potentially be an offensive weapon, is issued to a student by a member of staff or is required for the purposes of teaching and learning, as necessary, for the delivery of the curriculum, for example, in cookery or science. Misuse of such items will be dealt with as though possession is not authorised.

For the purpose of this policy a “weapon” is:

- a firearm of any description, including starting pistols, air guns and any type of replica or toy gun;
- knives, including all variations of bladed objects i.e. pocketknives, craft knives, scissors etc;
- explosives, including fireworks, aerosol sprays, lighters, matches;
- laser pens or other objects, even if manufactured for a non-violent purpose but has a potentially violent use i.e. the purpose of keeping or carrying the object is for use, or threat of use, as a weapon.

Any student found to be in breach of the policy shall be subject to action under the The Emscote School - Behaviour Policy.

This could mean fixed or permanent exclusion from the school. In some circumstances the police might also be contacted.

Procedure for Dealing with Knives and Offensive Weapons

Under most circumstances, the Police should be informed of any incident involving a weapon. However, where, in the judgement of the staff, the circumstances are wholly innocent and there is no suggestion of the use of the article as a weapon, the matter may be dealt with internally as an internal disciplinary matter.

When contacting the Police the school’s senior member of staff, dealing with the matter, should give his/her evaluation of the seriousness of the incident, (i.e. in progress, threat to life, or weapon secure, for collection only) to help the Police to make their own judgement on the nature and immediacy of the response required.

Police Community Support Officers have no powers to act under this legal framework, it is only Police officers or school staff.

There may also be some exceptional circumstances where members of staff, who have been made aware that a weapon may be on school premises, decide that they need to act before the Police arrive. If this is the case:

Designated staff should always be called to assess and manage any situation where an offensive weapon is suspected:

- where there are reasonable grounds to suspect that a student might have in their possession an offensive weapon, knife or blade, it might be appropriate for the Principal, or an authorised member of staff, to conduct a search of that student or his/her possessions, with or without the student's consent;
- in making that decision, a risk assessment approach should be adopted and it should be noted that such immediate preventive action could either prevent a potentially dangerous situation escalating or could, conversely, inflame the situation; □ such a search may only be carried out where the member of staff and student are on school premises or are elsewhere and the member of staff has lawful control or charge of the student.

A member of staff carrying out a search:

- may not require a student to remove any clothing other than outer clothing, i.e. any item of clothing not being worn wholly next to the skin or immediately over a garment being worn as underwear;
- must be of the same sex as the student;
- may carry out the search only in the presence of another member of staff who is also of the same sex as the student;
- a student's possessions (including any goods over which he/she appears to have control) may not be searched except in his/her presence and another member of staff;
- if in the course of a search the member of staff finds anything he/she suspects of falling within the knives and offensive weapon category, or any other thing he/she suspects is evidence in relation to an offence, he/she may seize and retain it ;
- members of staff may, on occasion, take possession of a knife or other weapon brought to school by a person in circumstances which contravene the Offensive Weapons Act 1996;
- possession of the weapon in such circumstances by a member of staff is likely to be with good reason or lawful authority, and thus not an offence under the Act, but a member of staff in possession of a weapon in such circumstances should secure it, and pass it immediately to the Principal or, in the Principal's absence, the Vice Principal, and arrange without delay to surrender it to the Police, or
- where satisfied that it is reasonable to do so, arrange for it to be taken away by the parent/carer of the person from whom it was taken
